MEMORANDUM

DATE: December 1, 2022

TO: El Dorado County Transit Authority

FROM: Brian James, Planning and Marketing Manager

SUBJECT: Title VI Program Update

REQUESTED ACTION:
BY MOTION,

1. **Adopt Resolution No. 22-32 approving the update of the El Dorado County Transit Authority Title VI Program**
2. **Authorize Executive Director to execute all documents necessary for implementation of the Title VI Program**

BACKGROUND

As a recipient of Federal Transit Administration (FTA) Funds, the El Dorado County Transit Authority (El Dorado Transit) is required to comply with Title VI of the Civil Rights Act of 1964, and the implementing regulations which provide that no person in the United States shall, on the grounds of race, color, or national origin be excluded from participation in, be denied the benefits of, or be otherwise subject to discrimination under any program, activity or service that receives Federal financial assistance.

DISCUSSION

El Dorado Transit initially implemented the Title VI Program on May 26, 1988 and most recently revised it on December 5, 2019. El Dorado Transit is required to review the Title VI Program every three (3) years to confirm compliance with all regulations.

The proposed Title VI Program includes provisions required for compliance with FTA Circular 4702.1B. In addition, as El Dorado Transit is a sub-recipient of Caltrans for FTA funding, Caltrans must approve the final Title VI Program document. Attachment F of the Title VI Program is included with changes tracked as it was the only section that required updates to reflect current route schedules and the addition of the Sacramento Tahoe Connector Route.

El Dorado Transit staff recommends adoption of Resolution No. 22-32 approving the update of the Title VI Program and authorizing the Executive Director to execute all documents necessary for implementation of the Title VI Program.

SERVICE AVAILABILITY

El Dorado Transit provides service to persons in residential areas, apartment complexes including low-income facilities, major medical, shopping, government, employment centers, and activity centers that can support those route services.

For Intra- County transit services, El Dorado Transit provides transit service to persons who travel to those employment centers that can support commuter service consistent with the service efficiency and effectiveness goals of El Dorado Transit.

Routing and scheduling involves the consideration of a number of factors including ridership productivity, transit/pedestrian friendly streets, density of transit-dependent population and activities, relationship to the Regional Transportation Plan, relationship to major transportation developments, land use connectivity, and transportation demand management. In addition, El Dorado Transit distributes routes so that bus stops are available within one-half mile of all designated low-income housing facilities in the service area.

Vehicle Assignment

All buses within the El Dorado Transit fleet are lift-equipped and have heat/air conditioning. Vehicles are assigned based on operating characteristics of the routes. Local routes operate smaller more maneuverable cut-away type buses or city route buses while commuter routes operate transit coaches to accommodate long distance travel and larger passenger loads.

Transit Amenities

Installation of transit amenities are based on passenger boardings at stops along the routes. For local or commuter routes, amenities are installed where passenger boardings number 5 or more persons (benches) and 10 or more persons (shelters). Printed schedules, system maps or route maps are posted at bus shelters. Waste receptacles are available at bus shelters. Digital equipment such as next vehicle arrival time signs and amenities such as escalators and elevators are not currently available at El Dorado Transit facilities.
