REQUESTED ACTION:
BY MOTION,

1. **Adopt Resolution No. 21-01 Authorizing the Executive Director to File Applications for Federal Transit Administration Funding Programs**
2. **Adopt Resolution No. 21-02 Authorizing the Executive Director to File Application specific to the Federal Transit Administration Section 5311 Grant Program**

BACKGROUND

Competitive and formulaic grant funding is available for transit operations and capital assistance through the Federal Transit Administration (FTA). FTA grant applications require a Board adopted resolution authorizing an agency representative to file the grant applications and to execute all documents/contracts resulting from the applications.

FTA Section 5307 funds are available to the El Dorado County Transit Authority (El Dorado Transit) to support services in designated urban areas of the county. This funding program is competitive within the Sacramento Area Council of Governments (SACOG) region and fund use is restricted to capital purchases, preventive maintenance and Americans with Disabilities Act (ADA) related services in limited circumstances.

The FTA Section 5310 program provides capital funding to assist in providing transportation services meeting the special needs of the elderly and persons with disabilities. El Dorado Transit has been successful in securing capital grant funding in fourteen (14) cycles of this program. Typically, these funds have been used to replace demand response buses and minivans that have reached or exceeded their useful life.

The FTA Section 5311 program provides Federal grants, made through states, for public transportation projects in non-urbanized areas. There are two (2) types of programming in Section 5311; 1) County/Regional apportionment by formula and 2) competitive discretionary for intercity connection projects. El Dorado Transit typically receives funds under the formula program for operating assistance and/or capital projects.

FTA Sections 5309 and 5339 provide Federal grants to replace or rehabilitate buses and related equipment and to construct bus related facilities.

FTA Section 5312 is for innovative research and reporting while FTA Section 5314 is for workforce development and technical assistance. FTA Section 5329 is to support the development of Public Transportation Safety Programs. FTA Sections 3005 and 3006 support expedited project delivery and Innovative Coordinated Access & Mobility.

DISCUSSION

Per the Joint Exercise of Powers Agreement of the El Dorado County Transit Authority, April 29, 2008, Section 11.3, *“The EDCTA shall actively seek maximum utilization of Federal, State, and other available revenues which shall be applied towards such operating and capital expenditures in determining what local funding requirements shall be.”*

Adoption of these resolutions will allow agency staff to move forward and consider grant funding that supports adopted capital and operating plans.

FISCAL IMPACT

FTA grant program allocations and/or awards vary on an annual basis. In the adjusted FY 2020/21 Mid-Year Operating Budget proposed elsewhere in this agenda, the total operating revenue from all Federal programs (including one-time CARES Act funding) is estimated at \$1,869,784. The adopted FY 2020/21 Capital Improvement Plan includes an estimated \$2,298,503 in Federal funding from FTA Sections 5307, 5310 and 5339.

All applications that require matching funds or budgetary consideration are submitted to the El Dorado Transit Board for approval either individually or through the Operating or Capital budget approval process.
